

The Teaching Provider

For preceptors of medical, pharmacy, allied health, and nursing students in the Greensboro area

PIEDMONT AHEC

PART OF NC AHEC

Greensboro AHEC Has a New Name: Piedmont AHEC

The new name better reflects the geographic region that the organization has long served.

Greensboro Area Health Education Center has changed its name to be inclusive of the many communities within the eight-county region it serves. The new name is **Piedmont Area Health Education Center**, inspired by its location within the Piedmont area of North Carolina.

Although Piedmont AHEC's office is in Greensboro, its service area includes Alamance, Caswell, Chatham, Guilford, Montgomery, Orange, Randolph, and Rockingham counties.

Piedmont AHEC continues to provide and support educational activities and services with a focus on primary care in rural communities and those with less access to resources, as it has done for close to 50 years.

Preceptor & Student Opportunities

Clinical Precepting Online Series

[Click here to sign up](#) for this FREE online self-paced series.

Interested in Precepting?

Teaching students is an enjoyable way to give back to the community and ensure that future health providers have the best training possible. If you would like to learn more about becoming a preceptor, contact Student Services, Coordinator Tonya Baldwin at tonya.baldwin@conehealth.com.

Collaborative Care Model (CoCM)

If your primary care practice provides behavioral health care, Piedmont AHEC would like to help your practice implement a [Collaborative Care Model](#).

Out with the old, in with the new: The former “Black Box” Cone Health building on Northwood Street (Piedmont AHEC’s old location) was demolished in February to make space for the expansion.

Cone Health Expansion Underway

Work is underway on the new expansion of Cone Health Heart & Vascular Center. Stretching into the space along Northwood Street in Greensboro, where Piedmont AHEC’s former building was located, the project will create and renovate more than 260,000 square feet of space for the purpose of disease prevention, cardiovascular care, and community wellness.

Included in the total square footage will be a 156,000-square-foot, five-story outpatient tower on the campus of Moses H. Cone Memorial Hospital, plus 37,000 square feet of new and renovated space inside the hospital, and a 775-space parking deck for heart and vascular patients.

In addition, Alamance Regional Medical Center will soon see an additional 63,000 square feet of new and renovated heart and vascular care space.

The expanded space, broadened focus, and addition of new technologies at both campuses hold great promise for future precepting opportunities, and Piedmont AHEC will be eagerly watching the development of these projects and looking for opportunities for both preceptors and students.

Preceptor & Student Opportunities

Health Careers & Workforce Diversity, Equity, and Inclusion

Piedmont AHEC is **now accepting applications for Cohort 6 of the NC AHEC Scholars Program**. There are a limited number of slots. Scholars who meet eligibility requirements and apply by July 31, 2023, will have priority application status. For more information and the application, please visit our [Piedmont AHEC Scholars Program](#) page.

In addition, we are recruiting rising first- and second-year college students for the **Pre-professional Scholars Summer Experience (PPSSE)**, which teaches students about health careers, courses, advising, professionalism, networking and more.

We are also **requesting Camp Med 2023 proposals** from middle and high school teachers interested in creating programs for students.

We need your help in providing meaningful clinical experiences for Health Careers students!

For more information on these programs or if you are interested in being a preceptor for any of them, please contact Patricia Parrish at patricia.parrish@conehealth.com.

Library Services

We'd like to remind you that library services are available for health care providers and preceptors in the Piedmont AHEC region through the Cone Health Medical Library.

AHEC Digital Library

The ADL supports NC healthcare professionals and preceptors in obtaining current evidence-based medical information.

- Free version with limited resources is available to everyone.
- Full scope of licensed resources (including full-text journals, textbooks, and databases) is available to most North Carolina hospital affiliates through institutional licenses and to individual subscribers for an annual fee. Contact the library for more information.
- Some preceptors may have access to additional resources through school affiliation.

Other Library Services

Health professionals and preceptors in the Piedmont AHEC region should contact the library for more information on how they can get the following. (Fees may apply.)

- Clinical Alerts
- Document Delivery and Interlibrary Loan
- Literature Searches

For questions or access to the NC AHEC Digital Library, contact the Medical Library:
