

The Teaching Provider

and nursing students in the Piedmont area

PIEDMONT AHEC

PART OF NC AHEC

Opening of The Resurgent Center

In April leaders from Cone Health and North Carolina A&T along with the community came together for a ribbon

cutting for the opening of The Resurgent, which was designed to aid in access to healthcare and provide economic opportunity to east Greensboro. It was built around the idea that quality healthcare should be easily accessible, close to home, and centered on the community. Led by insight from **Cone Health's Center for Health Equity**, this location brings multiple care options together in a place designed to support better health and well-being for east Greensboro, to include Cone Health Center for Women's Healthcare, Cone Health Primary Care, Cone Health Urgent Care and The Center of Excellence for Entrepreneurship and Innovation. "The Resurgent will offer a diverse, inclusive space for communities to converge, fostering social interaction, cultural exchange and economic vitality" (NC A&T Real Estate Foundation). The facility will provide opportunities for employment and healthcare services for residents within the surrounding community.

We have a brand-new video all about us! Interested in learning more about what all Piedmont AHEC can do? Watch our updated promotional video [here](#).

Interested in Precepting?

Teaching students is an enjoyable way to give back to the community and ensure that future health providers have the best training possible. If you would like to learn more about becoming a preceptor, contact Student Services Coordinator, Tonya Baldwin at tonya.baldwin@conehealth.com.

We need your help in providing meaningful experimental shadowing opportunities for our Health Career Scholars Program!

For more information and if you are interested in being a preceptor for any of them, please contact Patricia Parrish at patricia.parrish@conehealth.com.
