

The Teaching Provider

For preceptors of medical, pharmacy, allied health, and nursing students in the Piedmont area

PIEDMONT AHEC

PART OF NC AHEC

Piedmont AHEC Launches Workforce Initiative

Talent Pipeline Management

Healthcare employers are experiencing record talent shortages. In an effort to reverse the trend, NC AHEC has partnered with the NC Center on the Workforce for Health and the NC Chamber Foundation to implement a plan aimed at creating a strong and sustainable generation of healthcare professionals.

Piedmont AHEC is one of four AHECs participating in the [NC Health Talent Alliance](#) and will use a proven approach called Talent Pipeline Management (TPM) to identify and quantify critical workforce needs for the future. The TPM method builds an employer collaborative that will co-create data-driven solutions with education partners and build effective and sustainable talent pipelines. The Piedmont AHEC will formally launch the employer collaborative in January of 2024.

Please contact Dana Millikan, Regional TPM Manager, with any questions or if you are interested in learning more. She can be contacted at dana.millikan@piedmontahec.org or 336-832-8283.

Preceptor & Student Opportunities

Clinical Precepting Online Series

[Click here to sign up](#) for this FREE online self-paced series.

Interested in Precepting?

Teaching students is an enjoyable way to give back to the community and ensure that future health providers have the best training possible. If you would like to learn more about becoming a preceptor, contact Student Services Coordinator, Tonya Baldwin at tonya.baldwin@conehealth.com.

Collaborative Care Model (CoCM)

If your primary care practice provides behavioral health care, Piedmont AHEC would like to help your practice implement a [Collaborative Care Model](#).

(Continued on Page 2)

Centers For Medicare & Medicaid Service MCP

Making Care Primary Model

CMS have rolled out a Making Care Primary (MCP) model that could benefit your practice. This is a 10-year program to support and delivery of advanced FQHCs and other small independent practices. Making Care Primary (MCP) is a 10.5-year value-based care (VBC) model operated by the CMS Innovation Center (CMMI). CMMI will work with Making Care Primary participants to drive advanced, coordinated, high quality care for patients in their communities. Below is a playbook that outlines this model, and the purpose is to provide an overview of key model design elements for potential model applicants.

Library Services

We'd like to remind you that library services are available for health care providers and preceptors in the Piedmont AHEC region through the Cone Health Medical Library: [AHEC Digital Library](#). The ADL supports NC healthcare professionals and preceptors in obtaining current evidence-based medical information.

- Free version with limited resources is available to everyone.
- Full scope of licensed resources (including full-text journals, textbooks, and databases) is available to most North Carolina hospital affiliates through institutional licenses and to individual subscribers for an annual fee.
- Some preceptors may have access to additional resources through school affiliation.

Preceptor & Student Opportunities

(Continued from Page 1)

We are also **requesting [Camp Med 2023 proposals](#)** from middle and high school teachers interested in creating programs for students.

We need your help in providing meaningful clinical experiences for Health Career students!

For more information on these programs or if you are interested in being a preceptor for any of them, please contact Patricia Parrish at patricia.parrish@conehealth.com.

Practice Management Bootcamp

Enrollment is now open for the 2023-24 Practice Management Bootcamp. For those who may be new to this, this would benefit new PMs or even experienced ones.

[Practice Manager Bootcamp](#)

(Continued Library Services)

Other Library Services

Health professionals and preceptors in the Piedmont AHEC region should contact the library for more information on how they can get the following. (Fees may apply.)

- Clinical Alerts
- Document Delivery and Interlibrary Loan
- Literature Searches

For questions or access to the NC AHEC Digital Library, contact the Medical Library:
